

Part A

3.

- a) MagPie is the only constructor
- b) 0 fields
- c) 4 methods
- d) Method getGreeting() return "Hello, let's talk"

6.

- a) 5. Why so negative?
- b) 6. Tell me more about your family
- c) 7. Random words
- d) 8. Why so negative because there is no in both words, and tell me more about your family because there is mother in smothered

Part B

Part C

Part D

- a) Why so negative
- b) The code will give priority to no since it is the first statement in the IF statement
- c) Code will run the same since it will check for "no" first.
- d) I did comment the original code and copied the modified one below it.
